

HOOFFBEATS

NORTHEAST TEXAS HORSEMEN'S ASSOCIATION

STALLION AUCTION

On January 24 the Northeast Texas Horseman's Association held their second annual Stallion Service Auction at the Civic Center.

The stallion enrollment is up this year, and there are still plenty of great breeding deals available. Check the website to see which stallion will best compliment your mare, and the foal will be eligible for futurity money!

The association also hosted a Tack Sale during the Stallion Service Auction and sellers re-

ported that they were quite happy with the turn out. This is definitely an event that we want to consider having again. If anyone is interested, contact Kim McCool. We need someone to organize the sale, so let us know if you would like to head this up.

Our guest of honor during the Stallion Service Auction was Valerie Clark of the Texas HORSE Group. She presented information on the importance of the Texas HORSE legislation that is pending. If you were not able to attend, we encourage everyone to go to their website and learn about the initiative,

www.texashorseweb.com. This legislation not only stands to help horse owners, but the Texas economy as a whole. They need your support!
